

Bridge Construction Company

Equal Opportunity Employer

Females and Minorities are encouraged to apply

Heavy highway and bridge construction company is looking for individuals to fill anticipated spring openings. Positions we are seeking to fill include heavy manual labor positions where minimum experience is required to skilled craft positions including carpenters, equipment operators, Class A drivers & certified welders. All positions will be expected to labor.

All work is in Massachusetts and shifts will consist of days, nights and weekends. The majority of the openings are in Central/Western Massachusetts.

Job requirements:

- OSHA 10 Hr Construction Card required
- Must be willing to labor
- must have you own transportation to get to and from our job sites
- ability to read and use a tape measure
- ability to follow orders
- basic math skills
- willing to work nights and weekends as needed
- a tolerance for working in cold and hot conditions
- physical fitness

CDL Class A and/or Hoisting License 1C & 2A a plus

Will train candidates that possess the right skills
